### Portfolio

- **The Spellbook:**  
Video-Demo ([https://www.youtube.com/watch?v=Arwnsq5j\\_c](https://www.youtube.com/watch?v=Arwnsq5j_c))  
A solo built full-stack application using Postgres, Express, and React. The app allows users to register and favorite cards as well as track their life and dice rolls during a game.
- **SpiritGuide:**  
Live-Link(<https://spirit-guide.netlify.app/>)  
A team built front-end application built using JS, HTML, and CSS. The app allows users to search through 400+ cocktail recipes by spirit type or name.
- **HealthyMe:**  
Git-Hub(<https://github.com/ezaboroskie/HealthyMe>)  
A team built back-end application built using Mustache, JavaScript, Node.js, Express.js, and Sequelize. The app allows users to create and track their own health goals.

### Accomplishments

Achieved multiple acting and directing awards and commendations including winner of the Irene Ryan Region IV Acting Competition and directing credit of the GHSA Regional One Act Play Competition winning play "Mockingbird"
